Hybrid baby, black eyes.

A former hybrid baby, black eye (her left one).
Reptilians and their human-hybrids can shapeshift, which is why they can pass unnoticed.
Well, most of the time...

Sometimes, when their holographic cloaking gets disturbed, the non-hybrids (the real ones) can be recognized by their reptilian horizontal slit shaped pupils, like Angela Merkel (German Chancellor), and like Barack Obama (U.S. President).
And his very beautiful Reptilian wife Michelle:

Introduction
Stefan Grossmann

There are twenty, more or less, different domains in the created realms. This distinction is at the level of the Third Force of Creation (sattvic force, finaliter archetype for humans, reptilians, and other hominid life forms in the broader sense, as distinction from plants and animals which follow the Second Force archetype). I do not see myself as “human“, “reptilian“, or the like. Instead of such a perspective, which is typically terrestrial-human, I have come to see myself as a multi-incarnate and multi-dimensional free spirit outside of Creation (absonite) who is present throughout the vast realms of Creation, including Heaven (Paradise), Creation in the stricter sense (atomic-material Creation worlds), and in Hell (nucleonic plasma worlds of high density and entropic perdition). In that sense, I am you; and you are I (even if you do not realize it). Your secret self, in a different domain of the created realms, is, for example reptilians.

The Reptilians are an ancient intelligent species on Earth and in the universe. They are generally hostile to humans (of our simian type). They are physically stronger than humans, and are more intelligent than we (which is not a compliment, just a fact). Energetically, in this local universe (but not all over Creation), the Reptilians are First Force oriented (i.e., Satanic). Since tens of thousands of their generations, they have not once established even a single Higher Self contact. They are purely Lower Self connected in their spiritual network (i.e., Luciferian). They are strongly service-to-self (STS), and live in complex social clan structures. They are very awakened in their Lower Self spirituality. They view humans on this planet, correctly, as stupid and mendacious. They detest the way how humans treat each other, for example, through exploitation, through forming an idle leisure class (based on exploitation), and through leading incessant wars against each other. Their common belief is that humans on this planet came here like a cancer. Their attitudes towards humans are cautious and directed to controlling the human cancer. There are differences of opinion among them whether to help humans or to destroy them.

A note aside: The orbit of Earth around the sun holds two planets, hidden from direct sight by the Sun. The original “Earth” is behind the sun. It is a dead planet on this third dimension due to nuclear wars that went along with the downfall of Lemuria and Atlantis. This planet here is a hologram copy for slow ascenders into the higher dimensions. The Reptilians are aware of this. Since about twenty years, their space travel activities have been blocked by the Ashtar Command for the passing of Nibiru in December 2013 (as Pseudo-Comet ISON). That part is over now. Earth, a quarantined planet, is now getting readied for its next stage.

There will be contacts. The most difficult for both sides will be the Human-Reptilian (alphabetical order) contacts. This documentary is to prepare the human side for such contacts. The contacts have, actually, long existed, but the humans have been unaware of them.

A specialist for the Reptilian Question is David Icke, a former BBC sports journalist, and now author and lecturer in England. I am including a list of his books (English version) at the end of this Introduction.

I mentioned David Icke in my book about Atlantean Philosophy (Emerald Tablets of Thoth the Atlantean). (That is the second book in the links above in this book.) David Icke mentions the Emerald Tablets in his book, “children of the matrix”, pp. 146 ff. He quotes a passage from the Emerald Tablets of Thoth, which I number as §§ 314-322 (see in my vol. II, p. 35). I briefly mentioned David Icke in my vol. II, but otherwise skipped the Reptilian Question there, since vol. II is already breaking full with other subjects. The reference is in this volume here. The phenomenon and the contact is very old.

Zbigniew Brzezinski, photo permitted by him for future contact.
This is still quite human in looks, but mouth, eyes, and left side of face are shapeshifting towards the native reptilian physical hologram.

I have been following the Reptilian Question, among many questions, since about 2005. It has always been difficult to get a clear evidentiary handle on it now. Looking again, in October 2015, for this book, I noticed that the situation has somewhat improved. We are obviously moving to a peaceful and planned contact, perhaps still in 2015.

There are some newborn human children who come out of the womb with a terrible skin disease, which is called “Harlequin-type ichthyosis” (see Wikipedia particle). I believe there is a link between that skin disease and Reptilian genetics somehow finding their way into the human reproduction process. Specifically, I found a video at Youtube that shows a baby with Harlequin ichthyosis, but also with feet that have three claws (Reptilian), instead of five toes (Human). That claw characteristic is not part of the skin disease, Harlequin ichthyosis.

Beware of disturbing images online if you research this.

The Youtube link is (valid on 2015-10-07): <https://www.youtube.com/watch?v=gQPlxUb-p2o>

The title is “Reptilian Newborn”. Note that this is a unique case. It is a good and clear piece of evidence, however.

David Icke gives his commentary on the cited passage of the Emerald Tablets in “Children of the Matrix” on pp. 134-145 (which is, to the end of his chapter 8). I make reference to that.

The rest of this book is a compilation of materials from the internet, thanks to David Icke (books listed) and to John Whale (from his great website, <http://www.whale.to>) The inclusion of these materials in this volume in no way indicates any approval of the two persons mentioned.

George Kavassilas[False prophets](#)[FrequencyFence](#) 100% FULL-BLOWN REPTILIAN SHAPESHIFT CAPTURED! New Age Deceiver George Kavassilas <http://www.youtube.com/watch?v=3Gybd-ljoG8>[Shapeshifting](#)

Once again, another serious shapeshift occurs as he mentions reptilians. Remember that this is his right hand, so the nearest finger is actually the pinky. The proportions and spacing of the fingers (knuckles) are very different from a human hand.

They use some bits of truth as bait to lure you in, but there's always a hook inside. Of course, when he says this, he's talking about himself as much as anyone else.

His own "clever twist" would have us believe that the "nordics" are the ones behind the conspiracy to enslave humanity, and that we should "give away our light (energy)" to achieve "singularity" and "oneness" with the universe (as he makes the pyramid symbol with his hands). He also tells us that we can defeat the reptilians and other dark forces by sending them love. This is their agenda.

The bulk of the "new age" movement is controlled by them (the brotherhood of the snake), as are the "conspiracy/truther/patriot" movements. Containing these groups is their highest priority since these are the people who are the most awake, and as such, pose the greatest threat to their control structure. The "new age" movement is additionally important since it's intended to be the foundation of the "one world" religion.

They would never allow a vacuum to exist where people would have an opportunity to form their own opinions and choose their own topics of discussion. "Acceptable" boundaries need to be set so the sheep don't wander too far away from the rest of the flock. This is why they create these "movements", to preempt any genuine attempts which would exist beyond their control.

Many of the people on YouTube (and equivalent sites including forums) are brotherhood agents, reptilian shapeshifters just like the individual in this video. They are especially dominant/pervasive throughout the "new age/truther/conspiracy" circles, which is to be expected. They present themselves as sympathetic, like-minded people, truth-seekers and gurus, but they are not what they say. By pushing the right buttons, they get you to believe that they stand with you, when in reality they are the opposing side.

Again, any truth they cast out is there to bait the fish. They take their half-truths and twist them around to create deception and scary stories. Much of this is about generating fear, to get people to believe that they are powerless, nothing but victims. They also use hypnosis and black magic to manipulate the minds and energy of their viewers/listeners. This is mostly done through sound/speech.

I'm very sensitive to this, and it doesn't take long for me to feel the effects. It let's me know who's who with absolute certainty.

As with Kavassilas, many of the people who talk about reptilians/draconians/annunaki are reptilian shapeshifters themselves. Talk is all they do. They're never interested in showing you anything real, only feeding you bullshit so they can spin you around and drain you.
